Minimum Advertised Pricing Policy/Agreement

Effective January 1, 2020, a Minimum Advertised Price (MAP) on all AIMS Operating Corp., Inc. (AIMS Power) products will be in effect. International accounts must reflect pricing as translated into their local currency.

AIMS Power has been building a brand of strong recognition and a high perceived value since 2001. By not adhering to the established Minimum Advertised Price (MAP) a reseller can have a dramatic effect of diminishing or detracting from the perceived value of the AIMS Power brand and its products. The internet, with its worldwide impact, has the possibility to cause great harm to any companies' products, if they are advertised at prices that will eliminate any legitimate retail competition. Our MAP pricing policy is intended for consumers to purchase from other resellers based on loyalty and customer care expectations. Therefore, if AIMS Power agrees to allow your company to sell its products, you will need to agree and abide by the following requirements and restrictions.

The MAP policy shall work under the following guidelines:

- 1) The Minimum Advertised Price for any AIMS Power product shall not be less than our MAP price supplied at time terms and conditions are signed or as are readily available at any time upon request. MAP pricing is established by AIMS Power and may be adjusted by AIMS Power at its sole discretion.
- 2) The MAP for all AIMS Power products shall be no more than the MAP provided in the AIMS Power Price Sheet and is lower than MSRP which is also listed on the AIMS Power price sheet.
- 3) The MAP policy applies to all advertisements of AIMS Power products in any and all media, including, but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, Internet or similar electronic media, television, radio, and public signage.
- 4) The MAP policy is not applicable to: 1) Any in-store advertising that is displayed only in the store and not distributed to any customer(s) outside of their store. 2) Any email newsletters sent to your customer database.
- 5) The inclusion in advertising of free or discounted products (whether made by AIMS Power or another manufacturer) with a product covered by the MAP policy would be contrary to the policy if it has the effect of discounting the advertised price of the covered product below the MAP.
- 6) If pricing is displayed in other than a brick and mortar retail store, any strike-through or other alteration of the Minimum Advertised Price is prohibited.
- 7) MAP applies only to advertised prices and does not apply to the price at which the products are actually sold or offered for sale to an individual consumer within the dealer's retail location or over the telephone. AIMS Power dealers and sales representatives remain free to sell these products at any price they choose.
- 8) MAP does not establish maximum advertised prices. All dealers and sales representatives may offer AIMS Power products at any price in excess of the MAP.
- 9) AIMS Power's MAP policy does not in any way limit the ability of any dealer to advertise that "they have the lowest prices" or, they "will meet or beat any competitors price", that consumers should "call for a price" or phrases of similar import as long as the price advertised or listed for the products is not less than MAP.

- 10) Dealer agrees to hold all trademarks and copyrights of AIMS Power as the property of AIMS Power and use advertising materials provided by AIMS Power in an authorized manner only.
- 11) Intentional or repeated failure to abide by this policy will result in termination of dealership or sales representatives. AIMS Power does not intend to do business with dealers or sales representatives who degrade the image of AIMS Power and its products. It is AIMS Power's sole discretion whether or not to provide prior notice or issue warnings before taking any action under this policy.
- 12) E-Bay and Other Auction Web Sites Policy:
 - "Buy it Now" options must be listed at a price equal to MAP or greater.
 - For auctions the reserve and/or opening bids must start at MAP without a "Buy it Now" option.
 - Best Offer Auctions Are Not Allowed
- 13) Negotiated Contracts: From time to time it may be explicitly approved by AIMS Power in writing to sell certain AIMS Power products at below MAP pricing. The discount amount and length of time will be determined at the time of this approved promotion by AIMS Power.
- 14) AIMS Power may run a sale from time to time and in such case the MAP will be the same as the sale price on those particular items and on those particular dates. AIMS Power will send out a notice in advance with details of the special.
- 15) Sales representatives of AIMS Power products will supply a copy of the AIMS Power MAP policy to any new or existing reseller to be filled out, acknowledged and returned to AIMS Power. This form shall be signed and returned to AIMS Power and in doing so, will bind the reseller to abide by the MAP and reseller requirements spelled out in this document.
